

Port Madison Community Shellfish Farm Community Supported Aquaculture (CSA) Membership Information

As a CSA member of the Port Madison Community Shellfish Farm, you can choose from the three different membership levels described below. We will be selling our very own "Port Madison Petites," a perfect Pacific oyster on the half shell. All CSA members will have five oyster orders ready for their pick up at the Bainbridge Farmers' Market (dates listed below). As a member you are invited to volunteer for one harvest per year. This means you will get to visit the farm, help us collect, clean and bag the shellfish and partake in all the fun! If you are unable to attend a harvest event, you may send someone in your place.

There are five shellfish harvests scheduled during the 2010 season. Please wear boots and weather appropriate clothing to the harvest events. The pick up site is at Hidden Cove Park, 8588 Hidden Cove Road. Directions to Hidden Cove Park: Take a right off Hwy 305 (travelling North) on Hidden Cove Rd. Continue 1.2 miles and you will see the driveway and a small sign for Hidden Cove Park on your left. Walk down to the dock to meet the harvest boat.

If you would like to become a CSA member, please detach and fill out the form below and send it back to Puget Sound Restoration Fund along with your membership fee. Membership is available on a first come first serve basis and all proceeds benefit water quality improvement projects around Bainbridge Island!

For more information please e-mail the project manager, (morgan@restorationfund.org).

Memberships

Membership Level	Dozen/pick-up	Cost/dozen	# pick ups	Annual Share	Oysters/year
1	6	\$9	5	\$270	360
